

Moke Wu

PhD Candidate in Economics

Department of Economics, University of Strathclyde

Glasgow, UK | moke.wu@strath.ac.uk

RESEARCH FIELDS

Fields: International Macroeconomics and Finance; Geoeconomics; Applied Bayesian Macroeconometrics

EDUCATION

University of Strathclyde

PhD in Economics

Glasgow, UK

Oct 2025 – Present

Supervisors: Dr Sharada Nia Davidson, Dr Ping Wu, and Prof. Gary Koop

Funding: University Student Excellence Award (SEA) Studentship

University of Edinburgh

MSc in Mathematical Economics and Econometrics

Edinburgh, UK

Sep 2024 – Aug 2025

Degree Classification: Merit; **Ranked 1st out of 78 students (Taught component)**

Dissertation: *Intellectual Property Right Trade Barrier and High-tech Product Export: A Panel Data Analysis*

Zhejiang University of Technology

BA (Hons.) in Finance

Hangzhou, China

Sep 2020 – Jun 2024

GPA: 4.47/5.00 (95/100); **Ranked 1st out of 164 students**

WORKING PAPERS

The Transmission of Global and Country-Specific GPR: International Evidence from 50 VARs

with Sharada Nia Davidson

WORK IN PROGRESS

Beyond the Average: Geopolitical Risk Scenario Analysis

with Ping Wu and Sharada Nia Davidson

PRESENTATIONS

2026 Scottish Graduate Programme in Economics (SGPE) Conference, Crieff, UK

The Transmission of Global and Country-Specific GPR: International Evidence from 50 VARs

2026 Annual PGR Review, Department of Economics, University of Strathclyde

Internal

The Transmission of Global and Country-Specific GPR: International Evidence from 50 VARs

FELLOWSHIPS, SCHOLARSHIPS & AWARDS

University Student Excellence Award (SEA) Studentship

Oct 2025 – Present

University of Strathclyde

First-class Scholarship for Outstanding Students (Top 2%)

2021, 2022, 2023

Zhejiang University of Technology

Zhejiang Provincial Government Scholarship

2021, 2022

Zhejiang Provincial Government

Honorable Mention, Mathematical Contest in Modeling (MCM)

2023

Consortium for Mathematics and Its Applications (COMAP)

First Prize, National English Competition for College Students

2021, 2023

National English Competition for College Students

Third Prize, National Mathematics Competition for College Students

2021, 2022

Chinese Mathematical Society

First Prize, Zhejiang Securities Investment Competition

2021

Zhejiang Province

First Prize, National College Student E-commerce “Three Innovations” Competition (Provincial)

2022

Zhejiang Province

TEACHING EXPERIENCE

University of Edinburgh

Edinburgh, UK

Tutor, ECNM11049 Advanced Time Series Econometrics (MSc)

2026; 2027 (forthcoming)

Tutor, ECNM11089 Econometrics 2 – Time Series (MSc)

2027 (forthcoming)

University of Strathclyde

Glasgow, UK

Tutor, BF114/BF115 Introduction to Economics and Business Analysis (Undergraduate)

2026

Additional Teaching Experience

Independent Academic Tutor

Online & In-person

English, IELTS, and Mathematics

2021 – Present

- Designed and delivered individualized one-to-one and small-group teaching, using diagnostic assessment and formative feedback to adapt learning plans to students with different starting points and academic goals.
- Developed learning strategies and digital resources to support learner autonomy, confidence, and sustained progress across secondary and post-secondary contexts.

Yueqing No. 3 Senior High School

Yueqing, Zhejiang, China

Summer Instructor, English, Mathematics, and Chemistry

Summers 2022 – 2024

- Delivered large-class summer teaching across English, mathematics, and chemistry, adapting explanations, classroom activities, and problem-solving exercises to different subjects and levels of student understanding.

PREVIOUS RESEARCH EXPERIENCE

The Impact of Digitally Empowered Banking on Agricultural Income

Jun 2023 – Mar 2024

Core Member

- Processed hand-collected survey data for 344 households in Jiaxing City using Stata and examined production incentives and credit allocation as potential transmission mechanisms.

Suburban Smart Health and Wellness

Jun 2022 – Sep 2023

First Author

- Led a four-member research team examining operational models in the suburban healthcare sector and developed an analytical framework based on field visits and industry evidence from Hangzhou.

Digital Transformation of Rural Financial Institutions

Jun 2022 – Nov 2022

First Author

- Constructed an evaluation framework for rural digital financial services using cluster analysis and analysed data from 155 financial institutions using SPSS and a two-stage empirical approach.

Digital Inclusive Finance and High-Quality Economic Development

Aug 2021 – Jun 2022

Core Member

- Constructed provincial measures of economic development using entropy weighting and employed instrumental-variable and quasi-natural-experiment approaches to examine the relationship between digital finance and economic development.

TECHNICAL SKILLS

Data Analysis & Programming: MATLAB, Stata, Python, R (Programming)

Other Tools: EViews, SPSS, Microsoft Office

Typesetting: L^AT_EX

Languages: English (Fluent); Chinese (Native); Cantonese (Advanced)

REFEREES

Dr Sharada Nia Davidson

Senior Lecturer (Associate Professor)
Department of Economics
University of Strathclyde
sharada.n.davidson@strath.ac.uk

Dr Ping Wu

Lecturer
Department of Economics
University of Strathclyde
ping.wu@strath.ac.uk

Prof. Gary Koop

Professor
Department of Economics
University of Strathclyde
gary.koop@strath.ac.uk
